Profile

Results-driven Full Stack Software Engineer with 10 years of experience architecting, developing, and deploying scalable enterprise and government-level applications. Proven expertise in Java (Spring Boot) backend ecosystems and modern frontend frameworks (Angular, React). Strong background in building high-performance, secure financial and administrative platforms within Agile environments, focusing on clean code and robust system architecture.

Skills

- **Languages:** Java, JavaScript, TypeScript, SQL.
- **Backend:** Spring Boot, Node.js, REST APIs.
- **Frontend:** Angular, React.
- **Databases:** MySQL, Oracle Database, Postgresql.
- **Tools & Methodologies:** Git/GitHub, Docker, GitHub Actions (CI/CD), Agile/Scrum.

Experience

- **Full Stack Developer** | Gestora Pública de la Seguridad Social, Bolivia | *Dec 2021 – Jul 2022*
 - Engineered and deployed robust software solutions using Java, Spring Boot, and Node.js for backend services, and Angular for frontend interfaces.
 - Managed data persistence and optimization using MySQL.
 - Collaborated in cross-functional Agile teams to ensure technical alignment with national social security business objectives.
 - Enforced code quality through comprehensive testing and version control via GitHub.
- **Full Stack Developer** | Ministry of Economy, Bolivia | *Feb 2020 – Oct 2020*
 - Developed enterprise-grade financial management applications utilizing Java, Spring Boot, and React.
 - Contributed to the architecture and system design for government-scale financial integrations.

- Managed complex data structures and queries using Oracle Database.
- Utilized GitHub for collaborative development and project versioning.
- **Full Stack Developer / Systems Support Engineer** | Ministry of Education, Bolivia |
Mar 2012 – Nov 2019
 - Maintained and evolved national educational platforms using Java, Spring, and Angular.
 - Architected a personnel management system featuring geolocation-based tracking.
 - Administered Moodle LMS, providing high-level technical support for educators and administrative staff.
 - Overseed data center operations and critical equipment maintenance to ensure 24/7 system availability.

Education

- **Computing Science (Diploma Modules)** | CCT College Dublin, Ireland (2026)
- **Bachelor of Systems Engineering** | Catholic University, Bolivia

Languages

- **Spanish:** Native
- **English:** Professional Working Proficiency
